**ORDER**

Application 3268 Permit 1450 License 1083

**ORDER CORRECTING DESCRIPTION OF SOURCE  
DIRECTING ISSUANCE OF SEPARATE  
LICENSE AND REVOCATION OF THE  
ORIGINAL LICENSE**

**WHEREAS:**

1. License 1083 was issued to Franklin W. Robinson on June 29, 1931 pursuant to Application 3268 and was filed with the County Recorder of Los Angeles on July 6, 1931.
2. License 1083 was subsequently issued to Larry L. Myers and Rancho Corona del Valle Corporation.
3. The State Water Resource Control Board (SWRCB) staff conducted an inspection of the project area on July 11, 1990 wherein it was concluded the two sources that supply water to the places of use were from unnamed springs. Staff determined the description of the sources should be corrected to include an unnamed spring tributary to Horse Camp Creek and an unnamed spring tributary to Poison Oak Canyon.
4. A request from Larry L. Myers and the representative for Rancho Corona del Valle Corporation was received by the State Water Resources Control Board (SWRCB) on February 2, 1998 and February 17, 1998 respectively for division of License 1083 into separate licenses and under separate ownerships.
5. The SWRCB has determined the corrections and requested division of License 1083 are appropriate and will not constitute the initiation of a new right nor operate to the injury of any other lawful user of water.
6. The license condition pertaining to the SWRCB's continuing authority should be replaced with the current version to conform with Title 23, California Code of Regulations (780a)

**NOW, THEREFORE, IT IS ORDERED THAT:**

1. The description for the sources under License 1083 be corrected to read as follows:

Unnamed Spring tributary to Horse Camp Canyon  
thence Rogers Lake Basin  
Two Unnamed Springs tributary to Poison Oak  
Canyon thence Rogers Lake Basin
2. License 1083 be replaced by Licenses 1083A issued to Larry L. Myers and License 1083B issued to Rancho Corona del Valle Corporation.
3. Superseded License 1083 is hereby revoked upon issuance of Licenses 1083A and 1083B.

This license is granted and said appropriator takes all rights herein mentioned subject to the terms and conditions set forth in Section 20 of Chapter 586, Statutes 1913, which is as follows:

Sec. 20. All permits and licenses for the appropriation of water shall be under the terms and conditions of this act, and shall be effective for such time as the water actually appropriated under such permits and licenses shall actually be used for the useful and beneficial purpose for which said water was appropriated, but no longer; and every such permit or license shall include the enumeration of conditions therein which in substance shall include all of the provisions of this section and likewise the statement that any appropriator of water, to whom said permit or license may be issued, shall take the same subject to such conditions as therein expressed; provided, that if, at any time after the expiration of twenty years after the granting of a license, the state, or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the state shall have the right to purchase the works and property occupied and used under said license and the works built or constructed for the enjoyment of the rights granted under said license; and in the event that the said state, city, city and county, municipal water district, irrigation district, lighting district or political subdivision of the state so desiring to purchase and the said owner of said works and property can not agree upon said purchase price, said price shall be determined in such manner as is now or may hereafter be determined in eminent domain proceedings. If it shall appear to the state water commission at any time after a permit or license is issued as in this act provided that the permittee or licensee, or the heirs, successors or assigns of said permittee or licensee, has not put the water granted under said permit or license to the useful or beneficial purpose for which the permit or license was granted, or that the permittee or licensee, or the heirs, successors or assigns of said permittee or licensee, has ceased to put said water to such useful or beneficial purpose, or that the permittee or licensee, or the heirs, successors or assigns of said permittee or licensee, has failed to observe any of the terms and conditions in the permit or license as issued, then and in that case the said commission, after due notice to the permittee, licensee, or the heirs, successors or assigns of such permittee or licensee, and a hearing thereon, may revoke said permit or license, and declare the water to be unappropriated and open to further appropriation in accordance with the terms of this act. And the findings and declaration of said commission shall be deemed to be prima facie correct until modified or set aside by a court of competent jurisdiction; provided, that any action brought so to modify or set aside such finding or declaration must be commenced within thirty days after the service of notice of said revocation on said permittee or licensee, his heirs, successors or assigns. And every licensee or permittee under the provisions of this act if he accepts such permit or license shall accept the same under the conditions precedent that no value whatsoever in excess of the actual amount paid to the state therefor shall at any time be assigned to or claimed for any permit or license granted or issued under the provisions of this act, or for any rights granted or acquired under the provisions of this act, in respect to the regulations by any competent public authority of the services or the price of the services to be rendered by any permittee or licensee, his heirs, successors or assigns or by the holder of any rights granted or acquired under the provisions of this act, or in respect to any valuation for purposes of sale to or purchase, whether through condemnation proceedings or otherwise, by the state or any city, city and county, municipal water district, irrigation district, lighting district or any political subdivision of the state, of the rights and property of any permittee or licensee, or the possessor of any rights granted, issued, or acquired under the provisions of this act.
